# HumanaOne Vision Care Plan: The clear choice

Vision care is an important part of maintaining good overall health. Our plans encourage prevention, early diagnosis, and treatment – helping you maintain good vision and a healthy lifestyle.

## Vision care is essential to maintaining a healthy lifestyle

Periodic eye examinations are an important part of routine preventive healthcare. Because many eye and vision conditions have no obvious symptoms, you may be unaware of problems. Early diagnosis and treatment are important for maintaining good vision and preventing permanent vision loss.<sup>1</sup>

<sup>1</sup> American Optometric Association

## Vision savings

Seeing one of the doctors in our large network of private practice vision care providers is an affordable way to receive the following services:

- › Comprehensive vision examination<sup>2</sup>
- › Wholesale frame allowance, avoiding high retail markups
- › Eyeglass lenses covered at 100 percent after materials copay
- › Allowance for elective contact lens services and materials<sup>2</sup>, 100 percent coverage if medically necessary
- › Valuable discounts on laser vision correction procedures

<sup>2</sup> Once every 12 months

## More reasons to choose a HumanaOne Vision Care Plan

- › Our plans are easy to use and understand
- › No claims to file
- › Outstanding cost savings
- › You have access to one of the largest networks in the United States
- › With our wholesale frame allowance, your eyeglasses will cost the same no matter which network doctor you choose
- › We deliver genuine customer service

For more information or to enroll today, contact your Humana agent.

## How the wholesale frame allowance works

Your benefits include a \$40 wholesale frame allowance, which typically equals a retail value between \$80 and \$120.\* If you select frames with a wholesale cost of \$40 or less, you pay nothing. If you choose frames over \$40 wholesale, you simply pay twice the difference in wholesale cost over the \$40 allowance.

Wholesale price	– Wholesale allowance	= Difference x2	Member pays	Retail savings*
\$40	\$40	\$0	\$0	\$80 – \$120
\$70	\$40	\$60	\$60	\$80 – \$150

\* Retail costs may differ and are based on two to three times the wholesale cost. Actual savings may vary.
